Wade - Building Drainage

Wade Building Drainage Overview

Wade, part of Alumasc Water Management Solutions has been operating in the building industry for over 60 years. Wade's class-leading products are designed and manufactured to meet individual project specification, ensuring many years of reliable service after installation.

Floor Gullies & Rodding Eyes

A comprehensive range of cast iron roof outlets, with multiple spigot options. Available with flat, domed or gravel grate covers, vertical or horizontal outlets, and a choice of clamping flanges to suit different roofing applications.

Page 56-75

Linear Drainage

Stainless steel channels and a wide choice of grating designs. Channels are available in a range of profiles, generally with in-built fall towards the outlets. Side bars and folds are made so that the selected grating fits flush with the show edges.

Page 76-79

Cast Iron Roof Outlets

A comprehensive range of cast iron roof outlets, with multiple spigot options. Available with flat, domed or gravel grate covers, vertical or horizontal outlets, and a choice of clamping flanges to suit different roofing applications.

Page 80-87

Access Covers

A durable range of vinyl floor access covers, designed for use in flexible sheet flooring. Available in single or double-seal variants, with secured or unsecured options, and a slip-resistant finish to suit commercial and public environments.

Page 88

Grease Converters

A compact range of grease converters for commercial kitchen applications. Available in multiple sizes to suit varying flow rates, with integral baffles and easy-access covers designed to separate and retain fats, oils, and grease from wastewater discharge.

Page 89

Water Points

A reliable range of WRAS-approved non-freeze waterpoints for exposed or external use. Available with concealed or exposed wall mountings, self-draining functionality, and integral backflow protection to ensure safe, year-round water supply in cold weather conditions.
