

Product Details

K2041 Grating

Technical Data

Dimensions:

98 dia. at finish level
50 - Overall Height
Connection - female 2" BSP threaded connection (50mm)
Free Area - 11cm²
Materials - Nickel bronze
Load Rating Class - K3
Weight - 0.9 kg

General Description:

98 Dia. Nickel Bronze Direct Connection Grating, for use with tiles, marble, terrazzo, resin etc. flooring (For direct connection to 50mm pipework. Self securing), with 2" BSP dia. vertical outlet. Durable, superbly finished items particularly suited to a high volume of pedestrian traffic.

Materials:

Nickel Bronze - BS EN 1982: Used with satin finish for gratings, funnels and access covers. A cast alloy with a fine grain effect which blends well with most floor finishes. The satin finish is generally maintained by the slight abrasive action of passing traffic. In unused areas the material will gradually tarnish. To restore lustre, apply a plain nylon scouring pad (not soap-filled) in the direction of grain.Note: Avoid covering nickel bronze items with plastic sheeting after installation, otherwise blackening may occur.

All dimensions are in millimetres unless stated. In line with general practice all dimensions shown are nominal.
