Weight - 2.7 kg

General Description:

150 Dia. Nickel Bronze Vari-Level Funnel, for use with tiles, marble, terrazzo, resin etc. flooring (To take single indirect waste pipe; with peripheral cover + vermin guard), with 4" NPSM dia. vertical outlet. Funnel to receive indirect waste pipes, condensate, and discharges from sinks, refrigeration units, boiling pans etc.

Options:

To specify an option, add option letter(s) as a suffix to the Spec. Code

H - fitted with Pin Torx screws for security applications

Materials:

Nickel Bronze - BS EN 1982: Used with satin finish for gratings, funnels and access covers. A cast alloy with a fine grain effect which blends well with most floor finishes. The satin finish is generally maintained by the slight abrasive action of passing traffic. In unused areas the material will gradually tarnish. To restore lustre, apply a plain nylon scouring pad (not soap-filled) in the direction of grain. **Note: Avoid covering nickel bronze items with plastic sheeting after installation, otherwise blackening may occur.**

All dimensions are in millimetres unless stated. In line with general practice all dimensions shown are nominal.
