Dimensions:

150 square at finish level

48 - Overall Height

48 to 48 - Overall Height

Connection - 4" NPSM Vari-Level thread

Materials - Nickel bronze

Load Rating Class - L15

Weight - 1.5 kg

General Description:

150 Square Nickel Bronze Vari-Level Access Cover, for use with tiles, marble, terrazzo, resin etc. flooring (Hinged circular cover in square frame), with 4" NPSM dia. vertical outlet. Durable, superbly finished items particularly suited to a high volume of pedestrian traffic.

Materials:

Nickel Bronze - BS EN 1982: Used with satin finish for gratings, funnels and access covers. A cast alloy with a fine grain effect which blends well with most floor finishes. The satin finish is generally maintained by the slight abrasive action of passing traffic. In unused areas the material will gradually tarnish. To restore lustre, apply a plain nylon scouring pad (not soap-filled) in the direction of grain. **Note: Avoid covering nickel bronze items with plastic sheeting after installation, otherwise blackening may occur.**

All dimensions are in millimetres unless stated. In line with general practice all dimensions shown are nominal.
